Married Men Defeated Singles An inspiring address on Self Dis-Closely Contested Game-Miss Elsie Adams Given Surprise Party-Other District Happenings.

In a hotly contested battle from the start to the finish, the married men were victorious over the single men n association football Saturday afternoon on the Providence street campus, before a large and enthusiastic crowd, who always look forward year after year for this series. The game was the third and deciding game of the series and it took the married men 20 minutes overtime to score the winning goal; the score was 3 to 2. When the whistle blew at the end of the second half the score stood 1 to 1 and as it was agreed before the game to play an overtime period in case of a tie, the teams fought twenty minutes when a man comes to the hour of self discovery, he said. Man enters down into the elemental self only a few times in his career. When a man comes to that place where he is con-scious of a great need in his life he is on the first step of entering down longer. The single men were the first to break the tie and led the score un-til almost within the last few minutes of play, then with a burst of speed the married men crossed the single men's goal line twice, winning the game. The single men are of the opinis on the first step of entering down into the elemental self.
